MEMORANDUM

February 18, 1997

TO: Linda Burton-Ramsey, Director WSMD, EMD
Robert G. Oenning, State E911 Administrator

FROM: Willette L. Rowe, Assistant Attorney General

SUBJECT: L&I Industrial Insurance Coverage/Premiums

In response to your memorandum dated January 16, 1997, Industrial Insurance Premiums are expressly exempt from reimbursement or payment by the contract terms.

Washington State Military Department, Emergency Management Division (EMD) has contracted with the eligible counties to reimburse for salaries and benefits which support the particular functions associated with the implementation and/or operations of enhanced 911 systems.

The insurance premiums or claims arising thereon, are not the responsibility of the EMD. Reimbursements are made for eligible salaries and benefits only. Itemization or calculation in overhead of industrial insurance premiums are prohibited by the contract terms from being submitted to the EMD for reimbursement or payment.

Do not make payment or reimbursement to any county for industrial insurance premiums, regardless of the form of submission for payment or reimbursement.

A letter from your office should be submitted to the counties regarding this matter. If there are further questions on this matter, contact me at (360) 586-3264.
